The KLS 1680 Gold Plus is a cold pressure washer with compact dimensions but that is high performing. It is also easy to handle and transport. The induction motor that the KLS 1680 is equipped with makes it a professional high - pressure washer. The KLS 1680 is the ideal pressure washer for cleaning walls, floors, stairs and outdoor areas.

kls 1680

Max Pressure/Operating Pressure (Bar)	150/130
Max Rated Flow (l/h)	500
Absorbed Power (KW)	2.3
Motor Type (Phase)	1

Max Water Inlet T°C	50
Pump Mechanical System	Wobble Plate
Unit Dimensions (LxWxH)mm	280x280x880
Unit Net Weight (kg)	14.5

K200 is a high - pressure cleaner that is easy to use and move thanks to the ergonomic handle and its rubber wheels. Developed in a vertical position to be practical and maneuverable, the K200 can also be stored horizontally to make it even more handy.

k200

Max Pressure/Operating Pressure (Bar)	150/135
Max Rated Flow (l/h)	600
Absorbed Power (KW)	3.0
Motor Type (Phase)	1

Max Water Inlet T°C	50°
Pump Mechanical System	Wobble Plate
Unit Dimensions (LxWxH)mm	540x440x680
Unit Net Weight (kg)	37

Single phase/Three phase electrical cold water high-pressure cleaner with operating pressure up to 160/210 bar. Sturdy injection moulded plastic casing. Practical to use in both vertical and horizontal operating position. Detergent tank of 3.5L.

k250

Max Operating Pressure (Bar)	210/190	160/145
Max Rated Flow (l/h)	660	660
Absorbed Power (KW)	5	3.3
Motor Type (Phase)	3	1

Max Water Inlet T°C	60	60
Pump Mechanical System	Connecting Rod	
Unit Dimensions (LxWxH)mm	460x460x680	
Unit Net Weight (kg)	40	40

The CI C20 EM trolley cold pressure washer stands out for being compact and robust. Equipped with a trolley that has a robust, resistant structure thanks to its large back wheels with rubber treads and a practical aluminum handle, the CI C20 EM is solid but also agile and easy to move.
