SSC – Solution Smart Control

Solution Smart Control for the control of the flow of solution

Solution Smart Control is the Comac technology that enables the intelligent connection of the solution pump to the drive motor of the floor scrubbers.

This means that if the floor scrubber works at reduced speed, the solution flow automatically decreases; vice versa, if it works at high speed, the flow increases.

SSC ENABLES WASTE TO BE REDUCED AND SOLUTION TO BE SAVED WHILST ALWAYS ENSURING EXCELLENT CLEANING PERFORMANCE.

BENEFITS

- Improved management of the flow of solution
- Reduction in waste
- Water and detergent savings
